

**Associate in Applied Science in
Allied Health and Human Services
Health Occupations Option
(EDGE/Cooperative Program with Career/Technical Centers)**

The Associate in Applied Science in Allied Health and Human Services: Health Occupations Option is an EDGE/collaborative program between WVSCCTC and Career/Technical Centers. Students who complete the Health Occupations Program and transfer to WVSCCTC will be granted 14 credit hours toward the A.A.S. in Allied Health and Human Services: Health Occupations Option upon completion of all courses in the program and a passing score of 75% or above on the state exam.

Careers in Health Occupations

The program primarily prepares the graduates for employment and/or further on-the-job training in assisting with patient-care, health occupations careers, and laboratory duties. Typical locations for graduates of this program may include doctor offices, clinics, and other medical facilities.

Graduates would be expected to assist the doctor by preparing the charts/patients for examinations, performing basic laboratory tests, and other services related to the office/patient. An additional expectation would be to perform administrative duties.

Program Learning Outcomes

These learning outcomes are established for the Health Occupations Program at the associate degree level. Upon completion of this program the student will be able to:

1. Obtain appropriate employment in a Health Occupation area.
2. Adapt to emerging and rapid changes in science, technology, or human health services.
3. Assist in a health facilities.
4. Assist with health procedures.
5. Assist in the clinical procedures.
6. Assist doctors in their offices.
7. Perform administrative duties.
